

hergom

Glance & Glance L

Hailing from Copenhagen Design Studio Strand and Haas, the Hergom Glance creates a strong focal point in any room. The large landscape firebox is further enhanced with glass sides so you get an even greater view of this exceptional fire.

Hergom scooped up first place at the Hearth & Home Exhibition in the 'Best Stove Over 5kW' category.

Heat Capacity	15 sq
Peak Efficiency	63%
Emissions	1.2
Max. log length	400mm

Key Features

- ✓ Award winning Danish design
- ✓ Glance bench option
- ✓ Vermiculite interior radiates heat
- ✓ 180 degree view of flames
- ✓ Large landscape firebox
- ✓ Streamline integrated push close door

Glass hearth pictured in this brochure is not available in Australia. Please refer to specification page for more details.

E-30

E-30

The E30 shares the same firebox as the E40 and therefore the same key features and advantages of these magnificent fires. Constructed entirely from a robust cast iron and with the latest combustion technology, the E-30 M is a sustainable heating solution that produces a powerful 10.6kW of heat output. A large loading capacity, and a clean burn system guarantee an efficient longer lasting burn.

Heat Capacity	15 - 18 sq
Peak Efficiency	67%
Emissions	1.5
Max. log length	400mm

Key Features

- ✓ Traditional design on solid cast iron legs
- ✓ White cast iron liners
- ✓ Cast Iron radiant heat
- ✓ Large glass viewing area

Glass hearth pictured in this brochure is not available in Australia. Please refer to specification page for more details.

E-40

E-40

The contemporary design of the E-40 incorporates smooth edges that compliment the fluidity of the flames visible through the large, glass front. The E-40 provides a constant, gentle warmth due to the heat retention properties of its robust, cast iron construction. The cast iron internal plates of the combustion chamber and the white coating reflects more heat into the room as well as highlighting the brilliance of the fire as never before.

Heat Capacity	15-18sq
Peak Efficiency	67%
Emissions	1.5
Max. log length	400mm

Key Features

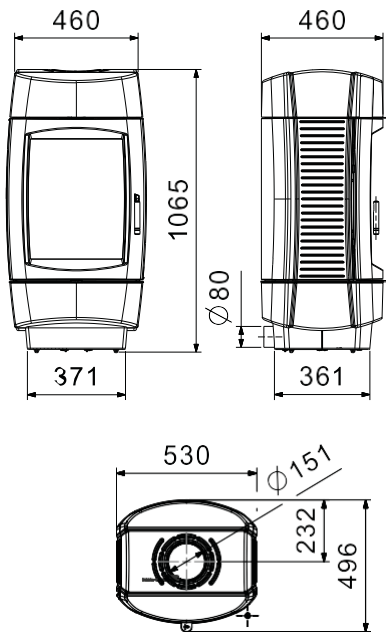

- ✓ White cast iron liners
- ✓ Clean contemporary design
- ✓ Cast Iron radiant heat
- ✓ Large glass viewing area

Glass hearth pictured in this brochure is not available in Australia. Please refer to specification page for more details.

Introducing Hergom's newest addition, The Cast Iron Firepit

No more cold nights with this wood burning outdoor grill. Warm up next to the fire or, grill up some food with friends on one of the cooking rings, and take advantage of the unique taste and beneficial qualities of cast iron cooking.

For over 50-years, Hergóm has been producing efficient, sustainable and technically-advanced fireplaces and cookers from a state-of-the art foundry in Santander. Their wood-stoves are among the cleanest burning in the world providing maximum heat and fuel performance with minimal emissions. The finest cast iron is used as the primary material in their production. Hergom have a deep knowledge and understanding of cast iron and its resilience.
